

Memory game

Print out two copies of these cards, cut the cards out and then mix the cards up. You may need to print on thick card so that you can't see through the paper. Lay them face down and then take it in turns to turn over two cards. If the two cards match remove the pair from the rest of the cards. If the two cards do not match turn the two cards back to face down. Keep turning the cards over in pairs until all the cards are matched.
